The wedding ceremony is a sacred covenant therefore, Life Center encourages couples to clearly understand that from a Biblical standpoint, marriage is meant to last a lifetime only to be ended by the death of the spouse. You are agreeing to a covenantal relationship which is very different from a contractual relationship and is never meant to be broken. If you have been married in the past and if that marriage has ended in divorce, the officiating pastor or the pre-marriage counselor will talk to you about the circumstances of that marriage and divorce and how it may impact the marriage for which you are applying.

Pre-marriage counseling is required for all couples being married at a Life Center campus and/or being married by a Life Center pastor. The pre-marriage counselor will communicate approval to the officiating pastor at the end of the counseling. Please call our Care Ministry as soon as possible to register for pre-marriage counseling at 253-756-5300.
